**Application of
Trans-Allegheny Interstate Line Company for
Approval and Certification of Electric Facilities
Case No. PUE-2007-_____**

Dear Mr. Peck:

Enclosed for filing are an original and 15 copies of Trans-Allegheny Interstate Line Company's Application for approval of electric facilities under the Utility Facilities Act and Va. Code § 56-46.1. This filing consists of the Application and Direct Testimony and Exhibits.

Three sets of Virginia Department of Transportation general highway maps of Frederick and Warren Counties showing the proposed route of the transmission line described in the Application have today been hand delivered to the Commission's Division of Energy Regulation.

If you have any questions, please do not hesitate to contact me.

Sincerely yours,

Richard D. Gary
